In 1966, William Huber started Huber Grading with a single piece of equipment and the desire to make integrity and hard work the guiding principles of the company. Over the years, the Company has grown into a multi-million dollar corporation utilizing over 70 pieces of equipment and moving over 1 million cubic yards of dirt a year. Dave Huber purchased the company from his father in April of 2003 and continues to operate the company with the same principals instilled in him by his father.

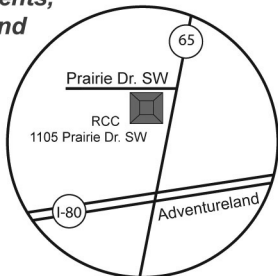

Now more than ever technology plays a key role in 21st century earthmoving and grading. We utilize state of the art Global Positioning Systems (GPS) and computer estimating / job progress software. This technology ensures speed & accuracy on the job site, accurate bids and realistic project scheduling.

We have found that good communication produces good relationships. Over 80% of our business comes from repeat customers. Complete and accurate bids, weekly progress reports and direct access to the owner of the company all play a key role in our communication with our customers. We are thankful for the strong bond we have formed with our customers over the last 43 years and look forward to fulfilling our customer's needs for years to come.

We are Bondurant's newest family of faith, and we are excited to be a part of this "AWESOME" community! We are committed to reaching out to all God's people, those who have never experienced a connection to Jesus Christ; or a faith community, to those who feel disconnected from the church, and those who are passionate about their relationship with Christ! Recognizing we're each on a journey...and that by living out our mission of leading others to Christ by reflecting God's love, a life can be impacted, saved & changed. So if you are looking for a faith community, and want more than just "religion," join us this Sunday and consider yourself "home!"

If you have any questions about Cross Point, give Pastor Glen a call at 210-1823, and he'll meet and treat you to lunch!
